Notwithstanding the foregoing, Ephox does not warrant that the Software will operate without interruption or that the performance of said Software will be error free. Ephox cannot guarantee the privacy, security, authenticity and non-corruption of any information transmitted through or stored on any server maintained or used by You in connection with the Software. Ephox is not responsible for any delays, errors, crashes, failures to perform, disruptions or other problems with the Software caused by or resulting from any act, omission or condition beyond Ephox's reasonable control. The foregoing warranties shall not apply to the extent that the Ephox Software is used or interfaced with other software, data or operating systems that are not functioning properly or if the Ephox Software has been modified in a manner not authorized by Ephox.

- a. the Ephox Software has been properly installed and has been used at all times in accordance with the documentation and this Agreement;
- b. all modifications, alterations or additions to the Ephox Software, if any, have been made by Ephox; and
- c. You have not made modifications, alterations or additions to the Ephox Software that cause it to deviate from the documentation

## **8. Audit**

---

Upon Ephox's reasonable belief that any term of this Agreement has been violated, Licensee agrees to allow an independent third party to inspect Licensee's site, books and records to determine whether Licensee has complied with the terms of this Agreement. The third party will be chosen by Ephox and approved by Licensee, whose approval must not be unreasonably withheld. The reviews will occur at mutually agreeable times during normal business hours. The third party will be instructed to keep all information learned strictly confidential except as it relates to breaches of this Agreement. If such an audit discloses a violation of this Agreement Licensee agrees to pay the cost of the audit plus interest on the deficiency from the time due until paid at the lesser of eighteen percent per annum or the maximum allowed by law.

## **9. Disclaimer**

---

Except as expressly set forth in section 7 no other warranty, express or implied, is made with respect to the software or services provided herein. Ephox specifically disclaims any other representations and warranties including without limitation any implied warranty of merchantability, fitness for a particular purpose, non-infringement of third party rights and those arising from a course of dealing or performance or usage of trade. Ephox specifically disclaims any representation and warranty that the software will be error free or will function uninterrupted, that any errors or defects in the software can or will be corrected, that any such correction can or will be made in a timely manner, that the software will operate in the combinations which You may select for Your use, will produce the results You desire, or that the software functionality will meet Your requirements.

## **10. Limitation of Liability**

---

Ephox's total liability under this agreement or for breach of this agreement shall be limited to fifty United States of America dollars (USD \$50). In no event shall Ephox be liable for costs of procurement of substitute goods or technology, loss of profits, or for any indirect, special, exemplary, punitive, consequential or incidental damages, however caused, whether for breach of warranty, breach of contract, repudiation of contract, negligence or otherwise, even if Ephox has been advised of the possibility of such damages.

In no event will Ephox be liable for fines or penalties imposed on You. Furthermore, Ephox disclaims any liability for loss of or inaccuracy of Your data or the data maintained by You on behalf of others. Ephox also disclaims liability or responsibility for violations of applicable privacy laws and regulations, or for breaches of security of hardware, software or systems for which it is hereby agreed that You shall have sole and exclusive responsibility.

You agree that Ephox will not be liable for loss of or damage to goodwill or "costs of cover" (including, without limitation, costs of procuring substitute products or services) which arise directly or indirectly out of the purchase, sale, use of and/or inability to use of software provided in connection with this agreement whether such damages are based upon contract, tort, intentional conduct, equity or pursuant to some other theory, including, without limitation, breach of warranty, negligence or strict liability, whether the possibility of such damages was made known to or was foreseeable by Ephox and whether such damages are asserted by You or some other party.

You agree to assume the responsibility for insuring against or otherwise bearing the risk of damages in excess of the liability of Ephox. The limitations of liability set forth herein are intended to limit Ephox's liability and will apply notwithstanding the failure of the essential purpose of any remedy.

Any action, claim or proceeding relating to these terms and conditions, and the software provided in connection with the agreement or the transactions contemplated by the terms and conditions of

said agreement, must be brought within twelve (12) months following the action or event giving rise to such action, claim or proceeding.

You agree to use reasonable efforts to mitigate any damages sustained by You pursuant to or in connection with the use of or Your inability to use the software provided in connection with this agreement.

Notwithstanding the foregoing, the disclaimer of warranties and/or the disclaimer and/or limitation of damages will not be deemed to disclaim liability specifically imposed on Ephox by statute or regulation, to the extent such liability cannot be waived or disclaimed.

Some jurisdictions do not allow the disclaimer of implied warranties or the exclusion or limitation of liability for consequential or incidental damages, so the disclaimers or limitations set forth herein may not fully apply to You. To the extent that the disclaimers and/or limitations set forth herein are not fully enforceable under applicable law, You may have other legal rights which vary from jurisdiction to jurisdiction.

## **11. Remedies for Infringement**

---

In the event that Ephox reasonably believes that the Software may be subject to an infringement claim, Ephox may, at its opinion, either: (1) substitute substantially equivalent non-infringing Software; (2) modify the infringing item so that it no longer infringes but remains substantially equivalent; (3) if none of the foregoing is commercially feasible, Ephox may terminate the license granted hereunder.

THIS SECTION STATES YOUR SOLE AND EXCLUSIVE REMEDY WITH RESPECT TO CLAIMS OF INFRINGEMENT OF PROPRIETARY RIGHTS OF ANY KIND.

## **12. General**

---

### **12.1 Assignment**

Neither this Agreement nor any rights under this Agreement may be assigned or otherwise transferred by You, in whole or in part, whether voluntary or by operation of law, including by way of sale of assets, merger or consolidation, without the prior written consent of Ephox, which shall not be unreasonably withheld. Subject to the foregoing, this Agreement will be binding upon and will vest to the benefit of the parties and their respective successors and assignors. Notwithstanding the foregoing, no transfer or assignment of Your rights hereunder shall be effective unless and until the purported assignee agrees in writing to be bound by all of Your obligations hereunder.

### **12.2 Waiver**

A party's failure to act under this Agreement shall not indicate a waiver of the party's rights under this Agreement. No waiver of any provision of this Agreement shall be valid unless made in writing and signed by the waiving party. The failure of either party to require the performance of any term or obligation of this Agreement or the waiver by either party of any breach of this Agreement shall not prevent any subsequent enforcement of such term and shall not be deemed a waiver of any subsequent breach.

### **12.3 U.S. Government End Users**

The Software is a "Commercial Item," as that term is defined at 48 C.F.R. §2.101, consisting of "Commercial Computer Software" as such term is used in 48 C.F.R. §12.212. If You are (a) in a country to which export from the United States is restricted for anti-terrorism reasons, or a national of any such country, wherever located, (b) in a country to which the United States has embargoed or restricted the export of goods or services, or a national of any such country,

wherever located, or (c) a person or entity who has been prohibited from participating in United States export transactions by any agency of the United States Government, then You may not install, download, access, use, or license the Software. By accepting this License, You warrant and represent to Ephox that (1) You do not match the criteria set forth in (a), (b), or (c) above, (2) that You will not export or re-export the Software to any country, person, or entity subject to U.S. export restrictions, including those persons and entities that match the criteria set forth in (a), (b), or (c) above, and (3) that neither the United States Bureau of Industry and Security, nor any other U.S. federal agency, has suspended, revoked, or denied Your export privileges.
